this book is a fully updated and revised second edition of a highly successful text in which a new concept of knowledge mining based on explication and transfer of interventional knowledge of experts has been implemented the dedicated training program that is set out will serve the needs of all interventional operators whether cardiologists vascular surgeons vascular specialists or radiologists enabling them to achieve a consistent expert level across the entire broad spectrum of catheter based interventions operator skills and in particular decision making and strategic skills are the most critical factors for the outcome of catheter based cardiovascular interventions currently such skills are commonly developed by the empirical trial and

error method only the explicit teaching training and learning approach adopted in this book permits the rapid transfer of interventional knowledge and enables individual operators to negotiate steep learning curves and acquire complex skills in a highly efficient manner it will thereby offer invaluable assistance in meeting successfully the challenges of modern cardiovascular care

the handbook of public relations is another in the series of communication handbooks which has distinguished sage publications like its companion handbooks it offers a comprehensive and detailed examination of the topic it gives students scholars and practitioners a solid review of the status of the scholarly literature stressing the role that public relations can play in building relationships between organizations markets audiences and the public the handbook is divided into five sections section one defines the field seeking to explain the role public relations play in society section two examines the state of the practice by delving into the cutting edge issues of management ethics gender evaluation public relations education and media section three challenges academics and practitioners to identify the best practices that shape the daily activities of practitioners section four looks at the fascinating and daunting challenges the new communication technology pose for scholars and practitioners section five takes a global view examining theories in international public relations as well as the trends in practice that will shape the field in the coming years no other book in public relations is as comprehensive in its inclusion of authors and its coverage of academic research theory and best practices global in scope the book s contributors comprise an academic who s who of the public relations discipline the handbook offers one stop shopping for the best insights into the definition of the field of public relations the practice and best practices it has substantial insights into the impact of new communication technologies and the global challenges of international public relations a must have reference for libraries and practitioners the book also is ideal for upper level and graduate study of public relations

in the digital age where every post tweet and campaign can have far reaching legal implications the rules of public relations provides an accessible and practical guide for students and professionals in the public relations world this book takes a deep dive into the complex and ever evolving body of laws that directly impact the work of

today's pr practitioners from the rise of social media giants and brand influencers to the intricacies of intellectual property consumer reviews and the looming presence of artificial intelligence the legal and ethical terrain of public relations is vast and nuanced structured thematically chapters of this book address critical comparisons such as law versus ethics and pr practitioners versus lawyers offering clarity on how these sometimes overlapping domains affect the industry the book also discusses the importance of transparency and reputation management in the context of privacy and intellectual property each chapter culminates in a unique section that views legal issues through an ethical lens proposing inventive resolutions to some of the most timely and challenging problems in public relations today readers are left not just understanding but anticipating how legal trends may shape the industry in the 2020s and beyond for anyone involved in the craft of public relations whether a student stepping into the field or a professional steering through the complexities of modern media this book is a pivotal resource offering the foresight and knowledge to not just survive but thrive in the legal reality of public relations in the 2020s

an input sequence x synchronizes a finite automaton a if the state of a after receiving x is independent of the state of a before receiving x the automaton a is synchronizable if such a sequence x exists the questions of synchronizability and properties of the set of synchronizing sequences both for arbitrary and particular classes of automata motivate much of the present work the homing and distinguishing problems are briefly discussed with references to some of the related published research the set of tapes which synchronize a purely k definite automaton is characterized this characterization is shown to carry over but with a quite different proof to ultimate definite automata and it is shown that every ultimate definite automaton is synchronizable synchronization of reverse ultimate definite automata is investigated and a characterization is obtained for the synchronizing sequences of a subclass of such machines zeiger's procedure for decomposing a finite automaton into a cascade of permutation reset machines is reviewed several flaws in the procedure are illustrated by examples and then remedied it is shown that an automaton a is definite if and only if any zeiger decomposition of a is a cascade of reset machines author

v 1 free speech v 2 journalistic freedom

decisions originally reported currently in standard federal tax service federal estate and gift tax service and federal excise tax reports

a full text reporter of decisions rendered by federal and state courts throughout the united states on federal and state labor problems with case table and topical index
